Archive: This message is being viewed in an archive.

Friendly reminder of the Chuitna SEIS inter-agency meeting in Anchorage next Thursday, Oct 14, from 1:00-4:30 AKDT. See my previous email below and please let me know if you plan on attending the meeting.

A conference number has been set up and PacRim has agreed to provide a webcast for their presentation of the revised project description for those who cannot make it in person. I will send the details for the webcast in a later email so stay tuned. Thanks.

Subject: INVITATION: CHUITNA INTERAGENCY SEIS MEETING (Thursday, October 14, 1:00-4:30 AKDT)

EPA and the Army Corps will be holding an inter-agency Chuitna meeting for cooperating/consulting agencies in the SEIS process on October 14 in Anchorage. You are receiving this email because your

agency is either directly involved in the SEIS as a cooperating/consulting agency, or you have been involved in other aspects of the permitting and environmental review process (i.e., cultural resources work, SSC/water quality standards, etc)

The purpose of the meeting is to discuss the transition of lead agency from EPA to the Corps of Engineers and the path forward and preliminary schedule for the SEIS. PacRim Coal will also be attending and will provide a presentation of their revised project description. With receipt of the revised project description and change in lead agency, we think that now is a good time to get all of the SEIS agencies back at the table and lay out the path forward for the Corps-led SEIS. I will be sending an agenda out in the next couple weeks so please send me any agenda items you may have by Monday, Oct 4. The logistics for the meeting are below. Please contact me with any questions. Thanks.
